

**AUZMET®**

CASE  
STUDY

PROJECT: DCT FREEPORT  
LOCATION: GRAPEVINE, TX

Building the future

# DCT FREEPORT

## Grapevine, Texas

**SECTOR:** Industrial

**Scope of Work**  
ACM

**Challenges**  
Final sign-off on caulking system

**Summary**  
Auzmet was responsible for installing ACM panels on the canopy portion of this industrial building. The project was completed smoothly, with the only challenge being the final approval of the caulking system by the architect, which required additional coordination.
